OUR CLIENTS

The Old Market Traders and Residents Trust

We designed and developed a dynamic website for them using PHP Laravel technology. The website highlights the work done by the trust. It also has a donation module integrated with a payment gateway to accept donations online.

Vijayadurga Temple

We built an internal management tool using PHP Laravel for this beautiful temple situated in Keri, Goa. The tool helps the temple to keep a track of all its activities such as Abhishek receipts, Devakrutya and so on.

OUR CLIENTS

Magas Services Pvt Ltd

Magas Services Pvt Ltd is the parent company of Window Shop Goa. Window Shop Goa is a one stop solution for online classifieds. We offered them an on-site Software Engineer to help them complete their project in PHP Laravel.

Matashree Restaurant

Matashree is a cozy restaurant located in Galgibaga, Canacona, Goa. They became the first restaurant to use our Point Of Sales(POS) system Salezify. The POS system is customized to meet the needs of the restaurant.

Skizze Interiors

We designed a static website for this interior design company from Margao, Goa. Their responsive portfolio site was built using core HTML, CSS and Javascript.

OUR CLIENTS

USSR Restaurant:

USSR is a multi-cuisine restaurant in Rajbag, Canacona, Goa located near the Rajbag beach. Another very happy and satisfied Salezify customer.

BidtroniX Pvt Ltd:

We are currently building an online gamification platform for this company based at Fatorda, Goa. The platform is developed using Angular and Node.JS.

Tenant Screening Service

We are developing a web app using Java programming language. This app will provide a platform for landlords to lease out their properties and help them get relevant information about their tenants.

OUR PRODUCTS

Salezify

Salezify is a Point Of Sales(POS) system tailor made for businesses such as restaurants, super stores, coffee shops etc. It comes in 2 versions – one for single user and the other for multiple users.

Key Features:-

Inventory management, Bill generation, Summarized and detailed reports, Statistics, GST integration

KapsMart

KapsMart is a smart and robust e-commerce platform which packs a punch. It comes wired with all the important features required to power any online business.

Key Features:

Inventory management, Shopping by categories
Order creation and delivery, Sales reports
Managing returned and cancelled orders
